

Introducing the DRPI Hub: Holistic Rights Monitoring Online

Disability Rights Promotion International (DRPI) is a collaborative project to establish a comprehensive, sustainable international system to monitor human rights of people with disabilities.

We are excited to introduce our on-line hub which focuses on understanding and practicing holistic, participatory monitoring of these rights.

We've got three great resources to get you started!

1) Training Modules: Participate in Rights Monitoring

Our on-line training package includes seven interactive learning modules that explore disability rights monitoring processes.

2) Your Story Matters: Share Your Experience

Our on-line self-guided interview provides an opportunity for people to share their experiences.

3) Rights Library: Explore and Engage with Evidence

Our searchable database offers a way to find DRPI sources based on user-identified search terms.

Participate in the DRPI Hub webinar!
